Wireless Spanish Keyboard 2.4GHz + Laser Mouse

This ergonomic wireless keyboard provides one-touch access to regularly used programs like Internet, Windows explorer, e-mail as well as sound volume control, sound on/off and sleep mode. This keyboard has Spanish layout. Since the keyboard and mouse set operate on the advanced 2.4GHz technology, you will have no interference anymore with other wireless peripherals! The mouse has a stylish metallic coating and special rubberized sides for a comfortable and perfect handgrip! Additionally, the mouse has 5 programmable buttons, including an auto scroll button and the back and forward buttons which enable you to navigate through pages fast and conveniently! The mouse works on rechargeable batteries and can be recharged through the included USB charger/cradle.

Highlights

- Programmable mouse & keyboard buttons
- 1600 dpi resolution
- Keyboard with Spanish layout
